Front End Developer
Full Time – Monday to Friday 9am to 5pm

No recruitment agencies

Bowler Hat is a digital marketing agency that helps clients market their businesses online. We offer search engine marketing (SEO/PPC), Content Marketing and Social Media as our primary marketing channels. At the centre of this is always the client website and we are looking for a front-end web developer to join our small but rapidly growing team at our central Birmingham office. The ideal candidate will have a two to three years agency experience, a good eye for design along and a strong working knowledge of the following:

- Developing responsive websites
- Wordpress - building sites based on themes and frameworks
- WordPress - modifications of existing themes
- Wordpress - custom theme development
- HTML, CSS, Javascript

Knowledge and/or experience with the following are all advantageous:

- PHP and back-end development
- Website hosting platforms (WP Engine)
- WordPress plugin development
- User Experience & Usability
- Website speed optimisation
- Mobile First Web Design

Agency experience and a portfolio is a must.We are looking for someone with two to three years experience who is looking to further develop their skills and get involved in the fast-paced world of digital marketing. Someone who can become a valued member of the team as we grow the business. If this sounds like you, then we'd love to hear from you. We are a marketing agency and we build sites to help clients achieve their goals so any interest in marketing - digital or otherwise will only help!

As a Person:

- Well organised - keep on track of all our processes
- Communication & team skills - will have to work closely with the SEO & design team when developing the site
- Motivated to learn and improve
- Summary

This is an exciting opportunity to help us develop the Web Development area of the business and to get in on the ground floor of a small, but rapidly growing digital agency.
